Psychology Alumnus Testimonial

-

“When I decided to attend a local college, I planned on saving money, getting my degree, and moving onto the next step of my life. I never imagined that I would get more than that out of UPG. However, now that I have finished my four years of undergraduate work and have accepted an offer to attend graduate school, I’m sad to leave. I managed to form numerous, unforgettable relationships, as well as learn so much to help me with my future endeavors. I now recognize that UPG was the perfect choice for me to achieve my goals.”
