Zoom Tips

Virtual Background

CAN ONLY BE CHANGED IN THE DESKTOP APP

1) Open Zoom Desktop App, Click your profile in the top right corner, and click **Settings**.

2) On the menu to the left, click **Virtual Background**.

3) You will see a few default backgrounds. You can choose one of those by clicking on it, and it will automatically change the background. DO NOT CLICK GREEN SCREEN.
   a) You can also upload your own image to use as a background by clicking on the **+** symbol next to where it says **Choose Virtual Background.**
